

Richard W. Johnson, MD
Candi S. Nigh, MD
Lahna R. Elliott, PA-C
Angela K. Hartschen, APRN

Bonnie Stephens
Office Manager

With our electronic medical record we have established a patient portal. On the portal you will be able to securely:

- Communicate with the office staff via email
- Update personal information
- Complete medical history forms
- Update allergies
- Review referrals
- Receive a visit summary
- View appointment logs
- Request prescription refills
- Receive email reminders for appointments

In order to activate your patient portal we need a current email address. We promise to not share or use the email address for any other reason.

Patient Name: _____ DOB: _____

Patient Signature: _____

Email Address: _____
